## RESOLUTIONS IN SENATE FOR U. S. INTERVENTION

Resolution Offered in U. S. Senate That the United States and Six South American Republics Intervene in Mexico Unless Carranza Can Afford Protection to Foreigners—El Paso Aroused and Held Mass Meeting.

(By Associated Press.)

Washington, Jan. 12.—A resolution by Senator Sherman, Republican, for the United States and six other American countries to intervene in Mexico, was the strongest proposal made here today to solve the now delicate Mexican problem. The resolution calls for intervention unless Carranza can protect foreigners. It was referred to the committee on foreign affairs.

Washington, Jan. 12.—Aroused by the killing of sixteen Americans by Mexican bandits yesterday in Chihuahua, the United States turned to Carranza for full satisfaction. What steps the government will take depends upon the full facts in the case that are still coming in. The bodies of the dead reached Chihuahua City last night.

Ambassador Arredondo arranged for a special train to bring the bodies to El Paso.

Today's news confirms the report that the bandits were former Villa soldiers.

The reported death of Murray Cross of San Antonio was denied today.

### El Paso Aroused.

(By Associated Press.)

El Paso, Tex., Jan. 12.—A mass meeting was called today to protest against the poor protection afforded foreigners in Mexico by the Carranza government and to persons traveling under the promises of protection.

### Fifteen Americans Murdered.

(By Associated Press.)

El Paso, Tex., Jan. 12.—Fifteen Americans were murdered, robbed and stripped of clothing and a trainload of provisions and money was looted by bandits under General Jose Rodriguez at Kilometer, on the Mexican Northwestern Railroad, west of Chihuahua, according to an American on the train who escaped. He reached Madera and wired Tuesday to the American Smelting and Refining Company representatives here.

The names of the Americans on the train, compiled here, follow: C. L. Watson, W. J. Wallace, M. B. Romero, C. M. Evans, C. A. Pringle of San Francisco, Maurice Anderson, R. E. McHatton, E. L. Robinson, R. H. Seamon, Harvey Newman and the following whose initials were not known here: Coy. Hall, Kettleigh, Hand, Blomb (or Blum) and Anders.

C. L. Watson is the general manager and principal owner of the Outhuachic Mining Company, operating in the district of that name, which is in Western Chihuahua, on the branch of the Kansas City, Mexico & Orient Railroad line, connecting with the Mexico Northwestern at La Junta.

### FORTY MEN WERE ON TRAIN.

Only the Americans Were Killed, Said Message to El Paso Company.

(By Associated Press.)

El Paso, Tex., Jan. 12.—The American Smelting and Refining Company representatives here received a telegram from Chihuahua City Tuesday stating that it was reported there that a trainload of employees which left the capital Monday for Outhuachic, Western Chihuahua, had been held up by Villa bandits and all the Americans killed.

According to one report here, there were forty mining men on the train, of whom fifteen Americans were taken off the train and shot. It is surmised that the shooting was done by troops of General Jose Rodriguez.

### PRINGLE A GRIDIRON STAR.

Was Member of Californian Football Team Fifteen Years Ago.

(By Associated Press.)

San Francisco, Cal., Jan. 12.—C. A. Pringle, one of the Americans reported killed by Villa bandits in Chihuahua, was a student of the University of California and was a member of the varsity football team in 1897, 1898 and 1899.

## REPORTED EXECUTION WAS DENIED

Mexican Was Taken From Jail for Execution, but Was Later Returned.

(By Associated Press.)

Laredo, Jan. 12.—Last night Mexican officials reported that Jose Mario Saenz was executed for alleged highway robbery. Today it was discovered that Saenz was taken from jail as if to be executed, but was later returned. Efforts are being made by friends to spare his life.

## MANY ZEPPELIN RAIDS WERE MADE ON LONDON

Dr. Vincent Arriving in New York Says Twelve Were Made in December—All Repulsed. Constantinople Reports Further Defeat of British—Turkish and Russian Ships in Naval Battle on Black Sea.

(By Associated Press.)

New York, Jan. 12.—Twelve attempted Zeppelin raids on London were repulsed during December by a large fleet of aeroplanes, according to Dr. W. H. Vincent of the Colonial Medical Corps, who arrived here today. He said three Zeppelins were destroyed or captured.

### Turko-Russian Naval Battle.

(By Associated Press.)

London, Jan. 12.—Renewed sorties by the British, which were repulsed by Turks before Kut-el-Amara, were reported today from Turkish sources.

A long range naval battle in the Black Sea between Turkish and Russian warships was reported by Constantinople, which says one Russian ship was hit.

The failure of the French attack on the German positions north of Les Mesnil was reported from Berlin.

The destruction of an ammunition depot, with the death of seventy persons was also reported by Berlin.

### Germany Objects to U. S.

(By Associated Press.)

Athens, Jan. 12.—Germany objects to United States representatives taking over German affairs in Saloniki, which is held by the entente forces, on the ground that Greece should protect foreigners and foreign interests. John F. Kehl, American consul at Saloniki, so notified American Ambassador Morgenthau at Constantinople. He also notified the American legation here of the arrest of eight Frenchmen in reprisal for the arrest of Teutonic and Turkish representatives at Saloniki.

## DEMOCRATIC GOVERNOR IN MARYLAND

Both the Executive and Legislative Branches of the State Are Now Democratic.

(By Associated Press.)

Baltimore, Md., Jan. 12.—Maryland today returned to the Democratic fold in both the legislature and the executive departments with the inauguration of Governor Emerson C. Harrington. He urged a budget system of government expense to avoid an annual deficit in the state government.

**\$615** With Electric Starter and Electric Lights  
Four Inch Tires

HERE is another Overland Model, A brand new car at a brand new price. Many people prefer a car with the advantages of the larger and higher priced cars but that is smaller, lighter and more economical to run.

Model 75 is a comfortable, family car with virtually all the advantages of the very large cars at a price which is well within your reach.

The body is the latest full streamline design with a one-piece cowl.

It is handsomely finished in solid black with bright nickel and polished aluminum fittings. Five adults can ride comfortably.

The tires are four inch all around because we believe in the advantage of large tires. They insure greater mileage and comfort than can be obtained from

the smaller size used on other cars of similar specifications.

The motor is four-cylinder, long stroke bloc type, having a 34-inch bore and 5-inch stroke. Horsepower is 20-25. It is of the most modern design.

It has high-tension magneto ignition. This is the kind used on the most expensive cars.

The electric starting and lighting system is one of the most efficient on the market. It is of the two-unit type.

The electric switches are conveniently located on the steering column. This is the same arrangement used on the highest priced cars.

It has the easy working Overland clutch which any woman can operate. The pedals are adjustable for reach. The steering wheel is large and turns easily. The brakes are large and powerful.

The rear springs are the famous cantilever type. These are probably the easiest riding and most shock absorbing springs ever designed. With these springs riding comfort is insured.

It has a one-man mohair top.

In short, there is everything that makes this car up-to-date and comparable with many cars costing considerably more money.

You will be delighted when you see it. And when you ride in it you'll know instantly that this is your ideal of a modern automobile at your ideal of a moderate price.

Other Overland models are—Model 83 five-passenger touring car \$750; the famous Overland Six seven-passenger touring car \$1145. All prices being f. o. b. Toledo.

Call, telephone or write for demonstration.

Specifications of Model 75
